

FOOD-INDUSTRIAL BOILER CHAPISTERIA

WORK

- We all kind of work in stainless steel (304-316), Iron.
- Finished in Steel:
Exterior-2B and polished interior.
Bright-Polished outside-inside.
Finishing Matting.
Bright Finishing
- To develop the work that we charge the customer, we have drawing programs to prepare the work to be laser cut and then start the manufacturing process to completion. We deliver fully finished, right products for assembly.
- We make estimates.
